

14th October Thursday – Hall A

18.00 - 18.40 Periprosthetic joint infections (PJI), part 1

Interdisciplinary approach to PJI -
Dr Andrej Trampuz , Berlin, Germany

The first step: Diagnostic algorithm -
Dr Nora Renz, Switzerland

Discussion – Faculty

18.40 - 19.40 UPPER LIMB COMPLICATIONS - SHOULDER

My Worst case- Around Shoulder/ Neglected Proximal humerus fracture dislocation -
Dr Ruben Manohara, Farrer Park Hospital, Singapore

How to avoid failures in fracture dislocation in proximal humerus
Dr Edwin Tan Tze Sheng, Mount Elizabeth Medical Centre, Singapore

My worst proximal humerus case
Dr John Mukopadhyay, Patna

How to avoid complications in fracture clavicle fixation -
Dr Ruben Manohara, Farrer Park Hospital, Singapore

Non union Shaft Humerus- How do I approach -
Dr John Mukopadhyay, Patna

Panel Case Discussions

19.40 - 20.30 UPPER LIMB COMPLICATIONS – ELBOW

Complex Distal Humerus Fracture/ My Worst case- Around Elbow -
Dr J Dheenadhayalan- Ganga hospital, Coimbatore

Complex Proximal Ulna Fracture- Complications in management -
Dr Chetan Pradhan, Pune

Unstable Elbow Dislocation with Coronoid Fracture, How to avoid complications -
Dr. Gregory J Della Rocca, Columbia

Heterotrophic Ossification with Stiff Elbow
Dr J Dheenadhayalan- Ganga hospital, Coimbatore

Panel Case Discussion

20.30 - 21.00 General Talk

21.00 - 22.00 UPPER LIMB COMPLICATIONS – FOREARM & WRIST

Simple fractures gone wrong, What will I do?

Dr Monappa Naik, KMC, Hospital, Manipal

Malunited Radial head Fracture- Current perspective in management -

Dr. Abhay Elhence, AIIMS Jodhpur

Malunited Distal Radius Fracture- Sauve-Kapanji vs Darrach -

Dr Anil Bhat, KMC Hospital, Manipal

DRUJ missed and Neglected -

Dr Binu Thomas, CMC, Vellore

Non union Scaphoid -

Dr Anil Bhat, KMC Hospital, Manipal

Panel Case Discussion

14th October Thursday – Hall B

18.00 - 18.30 FREE PAPERS

18.30 – 19.30 SPINE

Complications - Infection following Spine Surgery Case Based Discussion -

Dr Vinod Rajan, Meitra Hospital Calicut

Minimising Complications in Endoscopic Spine Surgery -

Dr Sreedharan Namboothiri, Kovai Medical Centre

DISCUSSIONS

"Minimising Complications in OLIF " -

Dr Jacob Oh, Tan Tock Seng Hospital & YLL School of Medicine, NUS

Failed Fusion & Management (Case discussion) -

Dr Ranjith Unnikrishnan, KIMS, Trivandrum

DISCUSSIONS

19.30 – 20.30 ARTHROSCOPY

KNEE ARTHROSCOPY COMPLICATIONS -1

Meniscectomy and its problems -
Dr Sibin Surendran, Calicut

Complications of Meniscus repair and implant related issues used for meniscus -
Dr Anil Thomas Oommen, Vellore

What problems should you anticipate in Root repair -
Dr Vivek Pandey, Manipal

Infections and wound healing problems in knee arthroscopy -
Dr Swarnendu Samanta, Kolkata

Discussion

Problems with Graft harvest - hamstrings, BTB and other soft grafts -
Dr Rajeev Raman, Kolkata

Problems with Tunnel placement and fixation devices in ligament reconstruction -
Dr Raju Easwaran, Delhi

Problems during postop Rehabilitation phase after ligament reconstruction -
Dr Gopinath P, Calicut

Discussion

20.30 - 21.00 **General Talk**

21.00 - 22.00 ARTHROSCOPY

KNEE ARTHROSCOPY COMPLICATIONS

Problems in management of osteochondritis dissecans -
Dr Lawrence O melley

Complications of Regenerative procedures -
Dr Schiller Jose

Pediatric knee arthroscopy and pitfalls -

Dr Deepak Joshi, Kholapur

Discussion

My Journey through complications - Thankfully saved unscathed!! -

Dr Anant Joshi, Mumbai

PANEL DISCUSSION - Ligament injury with Malalignment -

Dr Vivek Pandey, Manipal

15th October Friday – Hall A

18.00 -18.35 FREE PAPERS

18.35 - 19.15 PERIPROSTHETIC JOINT INFECTIONS (PJI), PART 2

Surgical algorithm: a rational approach -

Dr Daniel Perez Prieto, Barcelona, Spain

Systemic and local antibiotic treatment -

Dr Donara Margaryan, Barcelona, Spain

Discussion - Faculty

19.15 - 20.30 LOWER LIMB COMPLICATIONS

INTRODUCTION

Fracture neck of femur in young strategies to avoid failure and how to salvage-

Dr Endre Varga, Szeged Hungary

Case presentation- What went wrong (missed neck fracture) -

Dr Srinivas Kasha, KIMS

Fracture shaft with fracture neck, how not to miss it, fixation strategies -

Dr Dhaval Desai

Case presentation – when trauma surgeon met his Waterloo (subtrochanteric fracture non union)

Mr Badri Narayan, UK

Aseptic non union femur how to achieve union

Mr Badri Narayan, UK

Case presentation - some thing has gone wrong (mal rotation after nailing) -

Dr Tigy Thomas Jacob, Kottayam

How to avoid malrotation after im nailing of lower limbs -
Dr Christian Fang, Queen Mary Hospital, The University of Hong Kong

Subtrochanteric fractures, how to come out a winner -
Dr Paulo Barbosa, Rio de Janeiro, Brazil

Discussion - Q & A

20.30 - 21.00 **INAUGURATION**

21.00 - 21.30 **LOWER LIMB COMPLICATIONS**

INTRODUCTION

What Should I Write? What Should I Say? –Documenting and Communicating Intraoperative Complications - Dr K Narasimha Rao

How I titrate the stability of construct in comminuted distal femoral fractures-
Dr Ji Wan Kim, South Korea

Discussion Q & A

21.30 – 22.00 **LOWER LIMB COMPLICATIONS -My worst complication- what I learned**

CASE 1 - Dr Christian Fang, Hong Kong

CASE 2 - Dr Paulo Barbosa, Rio de Janeiro, Brazil

CASE 3 - Dr Rodrigo Pesantez, Columbia,

CASE 4 - Dr Ji Wan Kim, South Korea

CASE 5 - Dr Chandrababu K K, AIMS, Kochi

15th October Friday – Hall B

18.00 - 18.30 **FREE PAPERS**

18.30 - 19.00 **Hip Arthroscopy Complications**

Dealing with early osteoarthritis in hip joint -
Dr Sarthak Patnaik, Orrisa

Complications of labral surgery and ligamentum teres -
Dr Prasad Gourneni, UK

Femoroacetabular Impingement and complications -
Dr Luis Pérez Carro, Spain

Discussion

19.00 – 19.20 Elbow Arthroscopy complications

Complications of tennis elbow treatment -
Dr Aashish Arbat, Pune

Post traumatic Stiff elbow -
Dr Ram Chidambaram, Chennai

Discussion

19.20 – 20.30 Wrist Arthroscopy complications

Triangular fibrocartilage injury treatment and problems associated -
Dr Abhijeet Wahegoankar, Pune

Wrist instability -
Dr Deepthi Nandan Reddy, Hyderabad

Discussion

19.40 – 20.30 Shoulder Arthroscopy complications- 1

Bad quality cuff tissue and how to deal with it -
Dr Ashish Babhulkar, Pune

Problems of Transosseous sutures in cuff repair -
Dr Raghuveer Reddy, Hyderabad

Implant related complications in cuff surgery -
Dr Bhupesh Karthik, Hosur

Discussion

Panel discussion on Massive retracted cuff tear -
Dr Yonsik Yoo, Korea

Discussion

20.30 – 21.00 INAUGURATION

21.00 – 22.00 Shoulder Arthroscopy complications- 2

Stiff shoulder and treatment complications -

Dr Billy Paul Wilson, Chennai

Infection after shoulder arthroscopy -

Dr Prateek Gupta, Delhi

Fluid management complications -

Dr Pradeep Kocheppan, Bangalore

Tissue quality problems in instability surgery and how to address it -

Dr Yonsik Yoo, Korea

Implant related complications in instability surgery -

Dr Subramaniam

Problems in radiological assessment in shoulder instability -

Dr Karthik Selvaraj, Coimbatore

Complications after SLAP repair -

Dr Roshan Wade, Mumbai

Failed instability surgery -

Dr Clement Joseph, Chennai

Discussion

16th October, Saturday-Hall A

18.00 - 18.35 Free Papers

18.35 - 19.15 Fracture-related infections (FRI), part 1

Interdisciplinary approach to FRI -

Dr Andrej Trampuz , Berlin, Germany

Surgical algorithm: a rational approach -

Dr Willem Jan Metsemakers, Belgium

Discussion - Faculty

19.15 – 20.30 LOWER LIMB COMPLICATIONS - How to come out as a winner

Introduction

Posterior lateral tibial condyle - can see it but can't reach How to reduce and fix it -

Dr Jignesh Pandya

Nailing Metadiaphyseal Fractures: May the Force Be With You, upper 3rd fracture tibia, nail which design why and how i nail in extension with conventional instruments -

Dr Rodrigo Pesantez, Columbia

Simple fracture gone wrong. What do I do now? Steps to get proper reduction and fixation lower 3rd tibia nailing -

Dr Ki Chul Park, Korea

Discussion

Type 2 Letenneur Hoffa fracture exposure and fixation how i do it -

Dr Ashok Sunil Gavaskar

Femoral and tibial bone defect my algorithm in choosing the technique -

Dr Jeejeesh, MCH, Calicut

Pilon fracture mastering the reduction, key points -

Dr J Dheenadhayalan, Coimbatore

Discussions

20.30 - 21.00 General Talk

21.00 – 22.00 PAEDIATRIC ORTHOPAEDICS

Clubfoot: How To Handle The Unfavourable Outcomes -

Dr C Cheriyan Koor, Kochi

COMPLICATIONS IN BONE and JOINT INFECTIONS -How to minimize them?

Dr Dhiren Ganjwala, Ahmedabad

SLIPPED CAPITAL FEMORAL EPIPHYSIS-What should an general Orthopaedist do to avoid complications-

Dr Bjarne Moeller-Madsen, Denmark

Hip Fractures In Children- Cleaning The Mess -

Prof Thomas Palocaren, Vellore

Paediatric Elbow Fractures-Getting Out Of Trouble -
Dr Sandeep Patwardhan, Pune

DISCUSSION

16th October, Saturday-Hall B

18.00 – 18.08 Periprosthetic fracture in a young patient-
Dr Endre Varga, Szeged Hungary

Getting the fibular length correct, intra operative strategies -
Dr Rajesh Purushaotam, MCH Calicut

Treatment of fractures with Cast – do not always end well -
Prof Gopakumar

18.24 -18.30 Discussion/ Q&A

18.30 - 19.15 KNEE ARTHROPLASTY - FAST TRACK KNEE REPLACEMENT

How do I do it ? Anesthetic considerations -
Dr Sajayan, Good Hope Hospital, UK

Surgical techniques and postoperative analgesia -
Mr Prasad Antapur, Lincoln County hospital, UK

Enhanced recovery, postoperative considerations -
Mr Tom Wainwright, Bournemouth University, UK

19.15 – 20.30 KNEE ARTHROPLASTY - WISH I NEVER TOOK UP THIS TKR !!!

Case 1 + discussions - Dr Vijaymohan, Aster Medicity, Kochi

Case 2 + discussions - Dr Murukan Babu, Rajagiri Hospital, Kochi

Case 3 + discussions - Mr Prasad Antapur, UK

Case 4 + discussions - Dr Joe Paul, Little Flower Hospital, Angamaly

Case 5+ discussions - Dr Suraj GN, AP Varkey Hospital, Piravom

20.30 - 21.00 General Talk

21.00 - 22.00 KNEE ARTHROPLASTY - How different would you have done this ?

Case 1 + discussions - Dr Ratnakar, Sunshine Hospital, Hyderabad

Case 2 + discussions - Dr Anoob RC, Wrightington UK

Case 3 + discussions - Dr Nithin Prabhu, Sangeeth Hospital, Kochi

Case 4 + discussions - Dr Sukesh A.N, VPS Lakeshore Kochi

17th October, Sunday – Hall A

18.00 - 18.40 Fracture-related infections (FRI), part 2

Management of bone defects. -

Dr Cristina Ojeda-Thies, Madrid Spain

Management of complex cases. -

Dr Sebastian Meller, Berlin, Germany

Dr Bhide

Discussion – Faculty

18.40 - 19.40 PELVIS ACETABULAM

Complications encountered intra operatively in the management of pelvic fracture -

Dr Dinesh Kale, Belgaum

Complications and management of Malunited pelvic fractures -

Dr Jorge Daniel Barla, Argentina

Complications encountered during surgical approach & fixation of Acetabular fractures -

Dr Rodrigo Pesantez, Columbia

Complication and management of malunited acetabular fractures -

Dr Ramesh Sen, Noida

Complication and management of pelvic and acetabular fractures in osteoporotic bone -

Dr Pradeep Nimade, Mumbai

Postoperative Complication of Pelvi Acetabular fractures and its management -

Dr Tony Kavalakkat, Calicut

19.40 – 20.40 HAND SURGERY

Complications of peripheral nerve injury-

Dr Manoj Haridas, KIMS hospital , Trivandrum

Bennett's fracture : complications -

Dr Praveen Bharadwaj, Ganga Hospital, Ccoimbatore

Complications of neglected soft tissue injuries of hand -

Dr Anil Mathew , CMC, Vellore

Complications of zone 2 flexor tendon injuries -

Prof G Karthikeyan, Government Multi Super Specialty Hospital, Chennai

Complications of PIP fracture dislocation -

Dr Pankaj Ahire, Mumbai

Complications in wrist arthroscopy -

Dr Ahlam Arnout, Institut de la Main Clinique BIZET, Paris, France

20.40 - 20.50 Foot & Ankle

Management of malunited Calcaneum fractures -

Dr. Balvinder Rana, New Delhi

Management of complication of diabetic charcot foot -

Dr. Nijil Vasukutty, UK

Panel Discussion

Mis managed Charcot case-

Dr. Rajesh Simon, Kochi

Missed Ankle injury -

Dr. Nikhil Martin, Kochi

21.30 - 22.00 VALEDICTORY

17th October, Sunday – Hall B

18.00 – 18.30 LOWER LIMB COMPLICATIONS

Case with a message CASE 1- Dr Rajesh Purushaotam, MCH Calicut

Case with a message CASE 2- Dr Lazer Chandy, VPS Lakeshore Hospital, Kochi

Case with a message CASE 3 - Dr Monappa Naik, , KMC, Hospital, Manipal

Case with a message CASE 4 - Dr Jeejesh, MCH, Calicut

Case with a message CASE 5 - Dr Endre Varga, Szeged Hungary

DISCUSSION

18.30 - 19.30 ONCOLOGY

Misdiagnosis/ Missed Diagnosis- Lesson Learnt -
Dr Domic Puthoor, Amala institute, Thrissur

"Intra Operative Complications"- lesson learnt -
Dr Subin Sugath, Aster Medicity, Kochi

"Post Operative Complications"- Lesson Learnt -
Dr Prakash Nayak, Tata Memorial Hospital, Mumbai

"Rare Complications" to keep in mind -
Dr Vineet John Kurisunkal, Consultant, Royal Orthopaedic Hospital, UK

19.30 -19.56 Hip ARTHROPLASTY - Tips and Tricks

Staying out of trouble doing a cemented stem -
Dr Kris Sisak, University of Szeged, Hungary

Avoiding complications doing an uncemented cup -
Mr Christos Plakogiannis, Kettering, UK

19.56 - 20.56 Hip ARTHROPLASTY - How do I finish this case?

Case 1 + discussions- Dr Suraj GN, AP Varkey Hospital , Piravom
Case 2 + discussions- Dr Jikku Hannibal, Tan Tock Seng Hospital, Singapore

Case 3 + discussions- Dr Yogeesh Kamat, KMC Mangalore
Case 4 + discussions- Dr Vinod Padmanabhan, Sree Sudheendhra Medical Mission Hospital, Kochi

20.56 – 21.30 Shoulder& Elbow ARTHROPLASTY - Back to basics

Avoiding complications in a Reverse shoulder -
Mr Jon Geogheghan / Mr Ben Gooding, Nottingham University Hospital (TBC)

How to stay out of trouble doing a total elbow replacement
Mr Ben Gooding, Nottingham University Hospital (TBC)

21.30 - 22.00 VALEDICTORY
